About Chameleon

Directors Angela Milliken-Tull and Richard Palmer each have over 25 years' experience as teachers and consultants, supporting schools to provide the very best personal development / PSHE / Citizenship programmes for students. Their additional work in the public health and university sectors bring an enhanced understanding of the needs of students, and how best to prepare them for life beyond school.

Our mission

Is to ensure that every student leaves school with a broad set of knowledge and skills that will stand them in good stead wherever life takes them. This is best achieved through the empowerment of teachers, conferring the expertise to assure sustained and valued learning in this vital part of the 21st Century curriculum.

Our services

We supply consultancy, training, and teaching resources that inspire schools to seek excellence in the personal development of their pupils. We are proud of our burgeoning reputation as the 'go-to' provider for schools who wish to advance this area of the curriculum and evidence outstanding practice.

Primary resources : Chameleon Explore

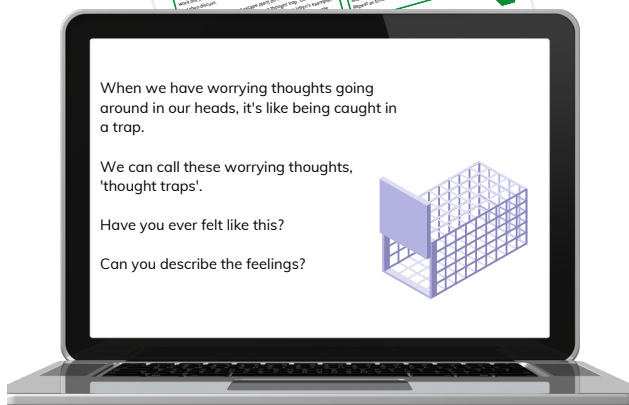

COMING
SOON

Chameleon health and wellbeing / personal, social, health, education (PSHE) resources offer primary schools a vast array of **flexible and editable** teaching materials. Our bank of lesson packs cover everything you need to support your pupils to become confident learners and global citizens of the future.

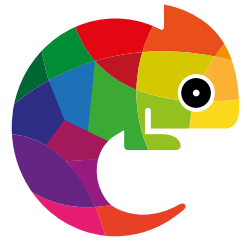

Chameleon Explore resources allow you to build **a bespoke teaching programme** in response to your setting's and students' needs, and **mixed age-group classes** are easily catered for.

As well as subject matter you would expect to find in a personal development programme, we also include more challenging topics which are becoming relevant for primary aged children. The flexible nature of the materials mean that you can pick and choose the content and what's age, stage, and appropriate for your children.

In addition, Chameleon Explore overcomes the difficulties of trying to squeeze PSHE into busy timetables. The themed library packs are 20-30 minutes long, offering short, but quality teaching time.

Secondary and Post-16 resources

Save hours of planning time and find up-to-date information and resources that cover the important issues your students need.

Our library of **flexible and editable** teaching materials mean they can be easily adapted for your setting.

Chameleon's integrated pupil consultation service; 'How Are You?', with our support and guidance gives you the tools to lead and develop a **bespoke personal development / PSHE programme** for your setting and students.

Our huge library of themed teaching packs contain a range of activities in 10, 20, and 30 minute sections that you can use to build lessons of any length.

Our award nominated resources are cross-referenced to the Personal Development Education curricula of the UK and also fully cover the PSHE Association's Programme of Study. **Statutory content is fully covered.**

Comprehensive activity notes support non-specialist and specialist teachers alike. All templates, games, worksheets, video files are included, saving you even more time. PowerPoint slides are fully editable meaning you can **tailor them to your classes.**

Frequently Asked Questions

What themes do you cover?

You can see the full range of resource packs available in the library by looking at our website. You'll get access to everything listed for the subscription you purchase.

[Click here to see the full list.](#)

Are the resources updated?

We constantly add and review the teaching pack library and will update you regularly with what's new. We do the research and updating, **freeing up time for your staff.**

How does the 'How Are You?' pupil survey work?

If you're keen to see your personal development curriculum reflect ever-changing student need, using the survey alongside our resources provides an easy 'plan-do-review' process. The survey, developed over 10 years, is completed online by students and takes around 15 minutes. We analyse the data and it's returned to you in an easy to interpret report.

You will gain insights into your pupils' health-related behaviour and the effectiveness of your personal development programme. This strong evidence base can be used to tailor your curriculum offer so it matches the unique needs of your pupils.

What's the benefit of renewing the annual licence?

Firstly, we know that annual subscription costs can mount up over the years, so that's why we give **a substantial loyalty discount** for schools that stay with us.

Schools who resubscribe will renew their permission license to access the resource library, be able to download any new or updated activity packs we produce, and keep using the 'How Are You?' survey to track their provision from year to year.

“Thank you, your resources are brilliant. I have led PSHE for 12 Years and I think the Chameleon resources are the best that I have seen. I would recommend them to any school that is looking to ensure their curriculum meets the statutory guidance for RSE and Health and Wellbeing. The lessons, training and supporting guidance make it a complete package. I love the prepared, clear, uncluttered PowerPoints that can be edited to reflect our community. It is evident that Chameleon PDE really know schools.”

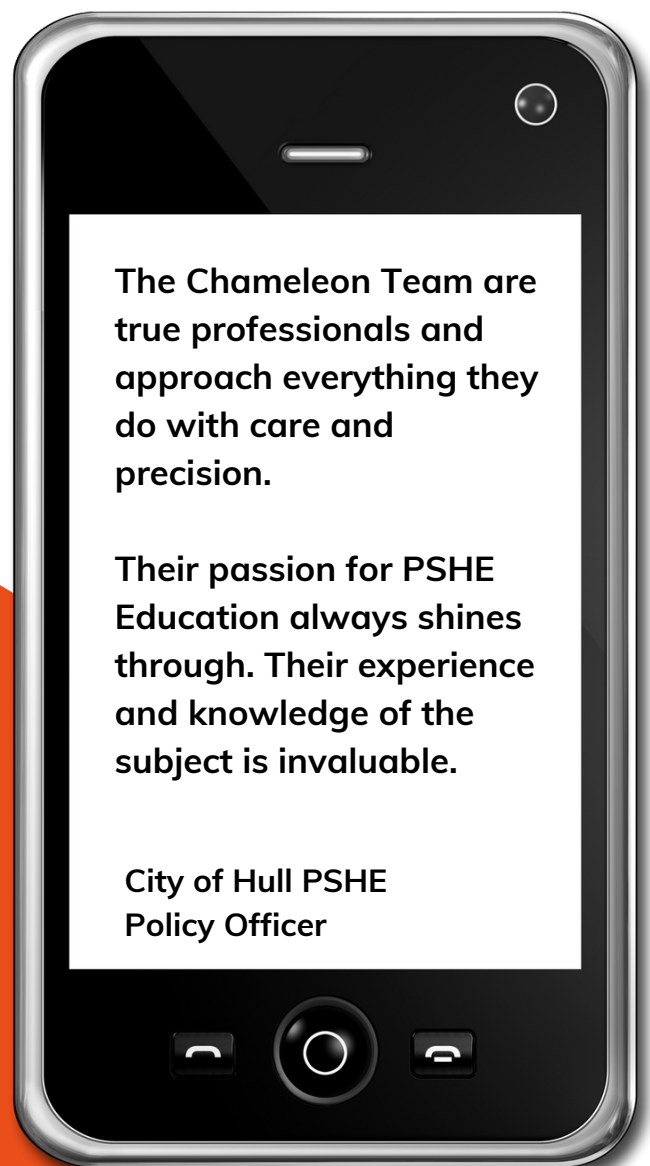

Southam College

Chameleon PDE offer a first-class, integrated personal development resource, which provides, as part of an extensive package, cutting edge, modern materials which capture pupils' interest, offering meaningful, relevant and diverse teaching and learning. The materials are all editable, and really tackle the topics that pupils want to know about, and the ones that staff have to cover!

For extremely busy teachers, Chameleon provide a complete programme of work for all secondary age pupils, age 11 - 18, with safeguarding built in as a key feature. It's brilliant and has already saved us so much planning and preparation time!

There is lots of scope for flexibility to meet the specific needs of our island community. What more could we want!
